PROFESSIONAL SUMMARY

I am Frontend developer passionate about creating responsive web applications and skilled in modern web technologies. Familiar with integrating APIs and transforming layout wireframes into purposeful code. Eager to learn, adapt, and contribute to a collaborative team environment.

SKILLS

Web Technologies: HTML5, CSS3, JavaScript

Frameworks & Libraries: ReactJS, Redux, Tailwind CSS

Backend as a Service: Appwrite

Version Control: Git, GitHub

Tools: VS Code, Chrome DevTools

PROJECTS

Personal Portfolio | [Live Project](#)

Technologies: ReactJS, Tailwind CSS, AppWrite

- Developed a responsive personal portfolio website using React.js and Tailwind CSS.
- Utilized AppWrite as the backend to manage internal items and implement secure admin login functionality.
- Ensured high-quality code and seamless performance with unit testing and debugging.

Weather App | [Source Code](#)

Technologies: HTML, Tailwind CSS, JavaScript

- Integrated an external API to fetch and display real-time weather data.
- Implemented features for improved user experience and efficient data handling.
- Developed a weather application using HTML, CSS, and JavaScript

E-commerce Website | [Source Code](#)

Technologies: ReactJS, Tailwind CSS, JavaScript

- Designed and developed a product display page and a blog page linked with product sales.
- Implemented a shopping cart and direct selling features.
- Enhanced application performance by identifying and resolving bottlenecks.
- Translated design wireframes into functional, high-quality code.
